The Art of Showing Up

A Friend for Christmas

In Classroom Six, second left down the hall, Henry has been on the lookout for a friend. A friend who shares. A friend who listens. Maybe even a friend who likes things to stay the same and all in order, as Henry does. But on a day full of too close and too loud, when nothing seems to go right, will Henry ever find a friend—or will a friend find him? With insight and warmth, this heartfelt story from the perspective of a boy on the autism spectrum celebrates the everyday magic of friendship.

Sophie's Friend in Need

When it comes to adult friendships, we're woefully inept - we barely manage to show up for our own commitments, let alone maintain our relationships. Even before self-isolation we were experiencing a loneliness epidemic: we communicate through texts and emojis, and rear away in horror from an unsolicited phone call, even if it's from our mum. Flaking out on plans is routine, both online and off. The Art of Showing Up offers a roadmap through this morass, to true connection with your friends, family and yourself. Rachel Wilkerson Miller teaches that 'showing up' means connecting with others in a way that makes them feel seen and supported. And that begins with showing up for yourself: recognising your needs, understanding your physical and mental health, and practising self-compassion. Only then can you better support other people, witness their joy, pain and true selves; validate their experiences; and help ease their burdens.

How to be a Friend to a Friend Who's Sick

You gotta have 'em, but sometimes they drive you crazy. You love 'em, but sometimes they make you mad. They'll help you through a crisis unless they are the crisis. So What's the Deal? Friends are more than just the people you hang out with. They make you laugh, they keep your secrets, they offer advice (some good, some bad), they give you a shoulder to cry on. Sometimes they move away, or betray your trust, or flake, but mostly they are the people who are always there for you. And they know you'll be there when they need you most. Because that's what it means to be a friend. Sometimes friendship is overwhelming, sometimes it's confusing, sometimes you feel like you don't have a friend in the world, but don't worry, it's like that for everyone. That's what the stories in this book are all about. They're from real teens, and they're about the bizarre, difficult and wonderful things that really happened to them and their friends. Put that together with weird facts, cool graphics, fun advice and quizzes designed to help you figure out what you and your friends are all about, and you've got the real deal on friendship!
How I Made A Friend
Poems for You and Me is a collection of poems, most of which were written through the year 2019. These simple poems address everyday subjects that are close to the poet’s heart. They provide a glimpse into the poet’s life journey, and along the way they reflect the poet’s views on life, death, love, loss, wealth, health, faith, values, friends, foes, joys, sorrows, dreams, hopes and everything in between. There are even poems about poems. There is also commentary about the state of our world, the hypocrisy of people, countries and religions, and the vanity of mankind. And there is some fun stuff too. The hallmark of these poems is their simplicity, which makes them at once accessible and memorable for everyone who reads them.

This dictionary contains 2,375 Russian sayings and proverbs and their English counterparts. Variants of each saying are included, and careful attention is given to the differences in British and American versions. For example, the Russian saying that is interpreted as “Children behave in a childish way, and they cannot be expected to act like grown-up people,” is first given in Russian (in the Cyrillic alphabet) and then in English, and is then followed by the nearest English-language equivalent sayings in Britain and the United States: “Young colts will canter” (British) and “Boys will be boys” (American). The proverbs and sayings are arranged alphabetically by the first Russian word (in the Cyrillic alphabet) and are cross-referenced so the reader can find analogous Russian versions of English sayings. There is a keyword index for each language (one in English, one in Russian in the Cyrillic alphabet), which allows the reader to find a proverb or a saying without knowing the first word. Proverbs and sayings are current and include those popular in both spoken Russian and literature. The prefatory matter is in both English and Russian, for readers who have a command of either language.
