Rewriting the Past An enthralling reflection on the ways that family history influences identity, from the 2014 Nobel laureate for literature. A mix of autobiography and lucid invention, this highly personal work offers a deeply affecting exploration of the themes of identity, memory, and the roles of history and the present. With his signature blend of candor, mystery, and bewitching invisibility, Patrick Modiano weaves together a series of interlocking stories from his family history: his parents’ courtship in Occupied Paris; a sinister hunting trip with his father; a chance friendship with the deposed King Farouk; a wistful affair with the daughter of a nightclub singer; and the author’s life as a new parent. Modiano’s riveting vignettes, filled with a coterie of dubious characters, are a portrait of a Paris that is steeped in crime and full of secrets, they find each other and struggle together to create what, looking back, will have been their youth.

Paris Nuiterne De La Plaine de L’étoile and Rondes de nuit à Rue des boutiques obscures. Fleurs de ruine and Dora Bruder, Patrick Modiano ne cesse d’alourdir une des très puissantes œuvres romanesques de notre modernité. Centres sur les grandes questions de l’identité et de l’escl, des tensions de notre créativité et de ses pulsions (auto)destructrices, de la quête d’un sens qui se dérobe et nous pousse à (nous) fuir au cœur même de notre poursuite, le roman de Modiano gagne et multiplie à la fois oppositions et désirs, apories et possibilités cathartiques, fascinations morbides et dynamismes revitalisants. Si le principe d’une conceptualisation binaire se manifeste partout, il n’en est pas moins vrai que ce même principe est doublé d’une polymétrie, d’une plus-value qui accorde à l’œuvre de Modiano une souplesse et une ouverture à bien des égards postmoderne. Les ambiguïtés qui en découlent ne sont aucunement gratuites, mais s’affichent autonome et discrètement sorniauses, ludiques et ironiques voire, rares fois, violemment confrontées à l’intensité paradoxa de tout ce qui reste insensible dans l’actuel et le lieu dimensionnel de l’écriture. L’étude d’Alan Morris, coûle et élégantes, et que caractérisent une claire exemplaire et une très fine intention analytique, donne à l’œuvre de Patrick Modiano un texte critique manifeste à la hauteur de celle-ci.

The Search on which Spring, 1941. Britain is losing the war. Paris is occupied by the Nazis, dark and silent at night. But when the clouds part, and moonlight floods the city, a Resistance leader called Mathieu snags out to begin his work. The fighters of the French Resistance are determined not to give up. These courageous men and women — young and old, aristocrats and nightclub owners, teachers and students — helped British airmen risk their lives to reach the border with Spain. In barricades and rural churches, in secret hotels, and on the streets, they risk everything to open Europe’s sealed doors and lead Allied fighters to freedom. But as the military police tighten surveillance, Mathieu and his team face a new threat, dispatched from the Reich to destroy them all.

Dora Bruder Nobel laureate Patrick Modiano’s spellbinding tale of adolescent schoolmates and the vicissitudes of fate As a boarding school student in the early 1960s, Patrick Modiano lived among the troubled teenage sons of wealthy but self-involved parents. In this mesmerizing novel, Modiano weaves together a series of exquisitely crafted stories about such jettisoned boys at the exclusive Valvert School on the outskirts of Paris: abandoned children of privilege, left to create new family ties among themselves. Misfits and heroes, sports champions and good-hearted chums, the boys of Valvert misbehave, run away, get expelled, and engage in various forms of delinquency and disappearance. They emerge into adulthood tragically damaged, still tethered to their adolescent selves, powerless to escape the central loneliness of their lives in an ever-darkening spiral of self-delusion and grim consequence. A meditation on nostalgia, the pitfalls of privilege, and the vicissitudes of fate, this book fully demonstrates the powerful mix of sadness, mystery, wonder, and ominous danger that characterizes Modiano’s most rewarding fiction. Special feature: J. M. G. Le Clézio’s foreword, here in English for the first time, provides a rare and insightful appreciation of one Nobel laureate by another.

Dora Bruder, 1997, Patrick Modiano Four narrators, a student from a café, a private detective hired by an aggrieved husband, the heroine herself and her lover construct a portrait of Jacqueline Delanque, otherwise known as Louki. The daughter of a single mother who works in the Moulin Rouge, Louki grew up in poverty in Montmartre. Her one attempt to escape her background fails when she is rejected from the Lycée Jules-Ferry. She wanders on through life, into a cocaine habit, and begins frequenting the Café Condé, whose regulars call her “Louki.” She drifts into marriage with a real estate agency director, but finds no satisfaction with his or his friends and so makes the simple decision not to return to his one evening, she turns instead to a young man almost as aimless and adrift as she, but who perhaps loves her all the same. Ever-present through this story is the city of Paris, almost another character in her own right. This is the Paris of “no-man’s-lands,” of lonely journeys on the last metro, or nocturnal walks along empty boulevards, of cafes where the last youth wavers in, searching for meaning, and the older generation drifts through their memories of their own long-gone adolescence. Translated from the French by Euan Cameron

Sundays in August Patrick Modiano opens Dora Bruder by telling how he stumbled across an ad in the personal column of the New Year’s Eve 1941 edition of Paris Soir. Placed by the parents of a 15-year-old Jewish girl, Dora Bruder, who had run away from her Catholic boarding school, the ad sets Modiano off on a quest to find out everything he can about Dora and why, at the height of German reprisals, she ran away on a bitterly cold day from the people hiding her. He finds only one other official mention of her name in a list of Jews deported from Paris to Auschwitz in September 1942. With no knowledge of Dora Bruder aside from these two records, Modiano continues to dig for fragments from Dora’s past. What little he discovers in official records and through remaining family members, becomes a meditation on the immense losses of the period—lost people, lost stories, and lost history. Modiano delivers a moving account of the ten-year investigation that took him back to the sights and sounds of Paris under the Nazi Occupation and the paranoia of the Pétain regime as he tries to find connections to Dora. In his efforts to salvage her past from the void, Modiano realizes that he must come to terms with the specters of his own troubled adolescence. The result, a montage of creative and historical material, is Modiano’s personal rumination on loss, both personal and memorial.
